### “Addinol” Prolog

When registering for the competition, the participant receives a specific time when they must arrive at the start of the prolog. If a participant misses his time, he will be admitted to the prolog as the last participant. The participants go on the prolog one by one after every 15 seconds. The best time from each prolog direction determine prolog result. Participants have to arrive in the waiting corridor no later than 3 minutes before his start.

### “Husqvarna” Super Enduro Heads Up Challenge

Each rider has one qualification lap. Top 32 riders of the Super Enduro lap qualify for finals. After qualifying, all participants participating in SEHUC are ranked into 16 pairs according to their results (1 and 32, 2 and 31, 3 and 30 etc.). The winner of each pair goes to the next round, for the loser, the race has ended. Waiting for the start, the participant’s motorcycle must be in the waiting zone. Losers of the semi-final qualify for the small final for winning the 3<sup>rd</sup> place. Races in final and small final is best of 3.

### “KTM” Hard Loop (Main Event)

Participants go to the Main Event according to the result shown in the prolog. The winner of the prolog starts the first and is followed by the second best, then the third, etc. until all participants are on the track. The interval between the riders is 15 seconds.

Participants have to arrive in the waiting corridor no later than 3 minutes before his start.

- The entire route is marked with indicative signs.
- The number of checkpoints in the lap – 10.
- If a participant has missed one of the checkpoints, 20 minutes are added to his finish time.
- Any participant is allowed to use the “chicken line”, automatically getting 20 minutes penalty for that.
- The control time for the race, after which the finish and checkpoints are closed, is set 5 hours after the start of the first rider.
- Maximum number of laps – 3.
- The participant must spend no less than 20 minutes and no more than 25 minutes in the service park at the end of each lap.

## 13. Help on the side, shortening the route

13.1. The term “help on the side” refers to the actions of any other person who is not a rider or the official performing his duty if the above mentioned person gets into contact with the motorcycle.

13.2. Help on the side is allowed only in the Main Event.

13.3. Help on the side is allowed to help the rider to lift the cycle from the mud, ditch, swamp or other obstacle in the track and if the rider cannot do it himself.

Shortening the route is strictly forbidden. In case the participant leaves the track, he has to return on the track as close as possible to the place where he got astray.

## **14. Judging**

- 14.1. The winner of the Prolog is the participant who has shown the best total result from both the Prolog tests.
- 14.2. The winner of the Super Enduro is the participant who has won in the final. The third place goes to the winner of the small final.
- 14.3. The winner of the Par Hard Loop is the participant who has collected the most checkpoints in the shortest period of time.

## **15. Awarding**
